City of Beverly Hills Hosts Gale Yard Public Forum May 2

City Seeks Public Input on Future Use of Property After Metro Construction Completed

Beverly Hills, CA (April 12, 2022) – The City of Beverly Hills is seeking public input on the long-term development of its property located at 8421 Wilshire Boulevard (also known as the “Gale Yard”). The site currently serves as the staging yard for Metro’s construction of the Wilshire/La Cienega Purple Line Station. The City owns the Gale Yard site and plans to develop the site after the Metro project is completed.

The City will host its first hybrid meeting on May 2, 2022 at 6 p.m. to hear community input on potential uses for the Gale Yard site. The meeting will take place in the City Hall’s Council Chamber, and the public may also attend virtually.

Community members are encouraged to complete a short survey to view potential uses and provide additional suggestions. Once feedback from the public is collected, the City may begin preparing a Request for Proposal (RFP) soliciting development proposals for the site.

To take the survey, view more information about the project, and to access the virtual meeting, visit beverlyhills.org/galeyard.
